EXPERIENCE™ SERIES
830 Line

PRECOR®

Experience™ Series 830 Line

Introducing the **Experience Series 830 Line**, where tried and true technology and performance gets a fresh look and feel – along with a technology update that's fit for today.

Right from the start, you'll see that the form and function of the 830 Line console complements the 880 Line console, right down to the same easy-to-use motion controls. From there, the 830 Line console uses an LED-based display that focuses on the essential fitness stats and displays that keep members moving.

And, just as with all Experience Series cardio, the 830 Line features the same smooth, flowing, and precise cardio equipment from Precor.

800/900 MHz
Entertainment Cap

15" Personal Viewing
System (PVS)

Personal Entertainment
Player (PEP)
